Stage Setup

Adequate stage dimensions to accommodate:

- Two dancers
- Bassist
- Guitarist
- Drummer
- Keyboardist
- Musical director

Beverages:

- Warm water
- Assorted tea selection (e.g., green tea, herbal tea)
- Fresh lemons
- Fresh ginger (for making ginger tea)

Sound Equipment

- High-quality PA system capable of clear and powerful sound reinforcement for the entire band
- Monitors for each performer on stage (including dancers) with separate mixes as required
- Microphones and stands for vocals and instruments
- Direct input (DI) boxes for instruments as needed

Fruit :

- Seasonal fruit platter (e.g., strawberries, grapes, sliced melon)
- Additional fruit options (based on availability)

Lighting:

- Basic stage lighting setup to enhance the performance visibility
- Lighting technician to operate and control the lighting during the performance

Backline Equipment:

- Drum kit (including cymbals and hardware)
- Bass amp
- Guitar amp
- Keyboard stand and appropriate connections

Technical Crew:

- Experienced sound engineer and technician for setup, soundcheck, and live mixing
- Lighting technician to handle the stage lighting setup and operation during the performance
